

## Fees and Expenses

### Finances

Students are responsible for securing their own funding to pay for their studies at NIST. This involves housing, living expenses, tuition, books and other NIST fees. Once a person has received official acceptance by the school he/she will be sent a Financial Assistance Request Form. This must be completed and returned to the school if the person wishes to be considered for financial aid from NIST.

A student selected to receive financial aid from NIST will still be responsible for raising his/her fees. NIST does not fully sponsor any student. Students are supposed to pay all fees due before enrolling for classes.

### Fees and Expenses

The following charges have been established for the 2009/2010 academic year. The fees represent a subsidized amount of the actual cost of providing quality training at NIST. All amounts are in Kenya shillings. One US dollar varies from 68 &ndash; 75 Kenya shillings. Foreign currency shall be charged at the prevailing rates.

FEES AND ESTIMATED EXPENSES 2009-2010 ACADEMIC YEAR										[Note: There are two s
academic year. All amounts are listed in Kenya shillings]										
		Part One-Fees		MASTERS		DIPLOMA		A.
